To our helpful and understanding teacher and Superintendent, who has rendered every service possible to uphold the spirit of Community High School; to one who has worked without ceasing, for our educational improvement; to one who encouraged and guided us in all our undertakings; who has taught us willingly, faithfully, and with fullest capacity, we, the Senior Class of 1959, proudly dedicate this edition of "THE BRAVE" to our very own---

It has always been an accepted fact that the central theme in our American heritage is the importance of the individual person. From the earliest moment of our history we have believed that every human being, regardless of his race, religion or social position has an essential dignity and integrity which must be respected and safeguarded. Moreover, we believe that the welfare of the individual is the final goal of group life.

To be secure in our rights each of us must be willing to respect the rights of others.

In our schools, we have an obligation to give equal opportunity to all who seek it. Here in Community High we try to fulfill our obligation by installing in our youngsters those sterling qualities of loyalty, good fellowship and honor and that regard for the rights of others that stamps a man a true gentleman.

Our annual staff has followed the above theme in preparing this annual. It represents unselfish devotion, the sharing of thoughts, ideas, and above all, the abilty to work harmoniously together.

The end result of their endeavors is the annual you now possess. They are to be commended for a job well done.
